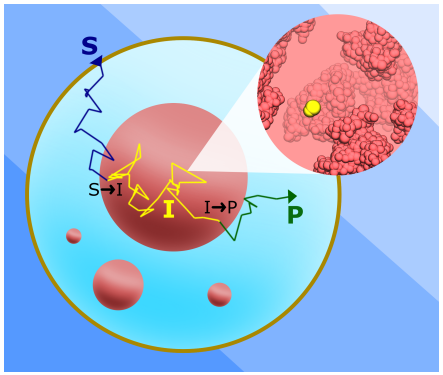
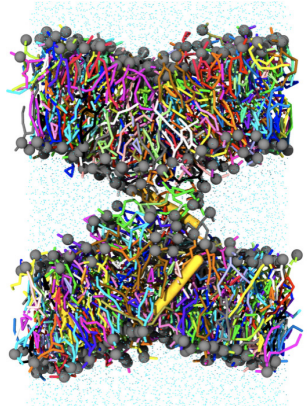
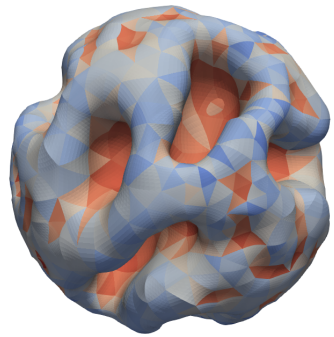
Bridging the Scales Inside the Cell

Hands-On Workshop for New Methods in Theoretical Biophysics

31.08-04.09.2026 CASUS Görlitz







Invited Speakers

Jochen Hub (Saarland University)
Daniel Harries (Hebrew University)
Fabio Sterpone (CNRS)
Christoph Allolio (Charles University)
Stepan Timr (Czech Academy of Sciences)
Jaroslav Hron (Charles University)
Peter Kosovan (Charles University)
Roman Pleskot (Czech Academy of Sciences)
Artur Yakimovich (HZDR/CASUS Görlitz)

Learn state-of-the-art methods for multiscale and integrative simulations in biophysics from their developers.
